# CHECK-OUT PROCEDURE CHECKLIST

### Please Note:

- Before departing, check with your center/department for specific check-out procedures.
- Prior to a PI transfer, a completed Relinquishing Statement must be reviewed by ASRSP and approved by [Sponsored Research](#).

## PROJECT FINANCES

- Ensure research project expenditures have been certified. Check to be sure there are no outstanding charges owed to core facilities.

**CONTACT:** ASRSP Office, [ASRSP Grant & Contract Financial Administrators \(GCFA\)](#)

The appropriate GCFA may be easily identified on a current budget statement for the award (Cognos GM045 report).

## SPONSORED RESEARCH

### AWARDS

[Award close-out](#) may include submission of final technical reports, invention statements, and property reports.

### Will the award transfer with PI to another institution?

*For projects transferring from Northwestern with the PI, the process should be initiated at least 90 days before the planned transfer date.*

- Determine if the award is eligible to transfer to another institution per the sponsor's policies. Contact your [Sponsored Research Officer](#) for assistance.
- Obtain the awarding agency instructions to process the transfer.
- Submit an Award Relinquishment Request via InfoEd and route with all approvals to Sponsored Research.
- For NIH awards, a Relinquishing Statement must be completed by Accounting Services for Research and Sponsored Programs (ASRSP) **prior to a transfer to Sponsored Research**. Once the transfer date and estimated unobligated balance is confirmed by ASRSP, Sponsored Research will transmit the Relinquishing Statement's data to NIH via eRA Commons.
- For NSF awards, notify the NSF Program Office to request preliminary approval for the transfer. If NSF and both institutions agree, formal notification of the impending transfer should be initiated via research.gov. Note: The balance transferred must be exact to prevent future funding issues.

## SPONSORED RESEARCH (CONT.)

### Will materials be transferred?

Materials include tangible biological materials (cell lines, tissues, sera, DNA, transgenic animals, plasmids, vectors, etc.) and other research materials (compounds, sensors and software, etc.).

- If you are transferring materials, you must establish a [Material Transfer Agreement \(MTA\)](#) between Northwestern and the recipient institution.

To begin the negotiation of a new MTA, work with your Northwestern Research Administrator to complete an MTA request for outbound materials. Contact the Sponsored Research Contracts Team at [mta@northwestern.edu](mailto:mta@northwestern.edu) with any questions about this process.

### Will data be transferred?

[Data Use Agreements \(DUA\)](#) are classified into two categories:

- 1) Non-human subject data or completely de-identified human research participant data (as determined by Northwestern's IRB office)
- 2) Human research participant data, which includes Protected Health Information. This includes data which constitutes a Limited Data Set as defined by HIPAA. Transfers which fall into category 2 are subject to HIPAA regulations and may require IRB approval. Questions about IRB approval, guidelines and policies should be directed to [irb@northwestern.edu](mailto:irb@northwestern.edu).

- If you are transferring data, you must establish a DUA between Northwestern and the recipient institution.
- To begin the negotiation of a new DUA, work with your Northwestern Research Administrator to complete a DUA request for outbound data. Contact the Sponsored Research Contracts Team at [mta@northwestern.edu](mailto:mta@northwestern.edu) with any questions about this process.

**CONTACT:** Sponsored Research, [mta@northwestern.edu](mailto:mta@northwestern.edu)

### Will the award remain at Northwestern?

- The PI must name a replacement PI at Northwestern, if the project is remaining at Northwestern. The request should be initiated through [InfoEd](#), and is ultimately subject to sponsor approval. If needed, an outgoing subcontract can also be requested via [InfoEd](#).
- If the departing PI remains PI of a Northwestern award through an adjunct appointment, **see Effort Reporting below** for additional institutional administrative issues.

**CONTACT:** Sponsored Research, [SponsoredResearch@northwestern.edu](mailto:SponsoredResearch@northwestern.edu), 312-503-7955

## CLINICAL TRIALS

[clinicaltrials.gov](http://clinicaltrials.gov)

- Notify the [ClinicalTrials.gov](http://ClinicalTrials.gov) administrator to identify any/all responsibilities that are required to be fulfilled.
- Notify [Sponsored Research](#) if the Clinical Trial is funded by an outside agency so that the appropriate contractual termination terms can be implemented.

**CONTACT:** Clinical Trials, [clinicaltrials.gov@northwestern.edu](mailto:clinicaltrials.gov@northwestern.edu)

## EFFORT REPORTING

[www.northwestern.edu/coststudies/effort.html](http://www.northwestern.edu/coststudies/effort.html)

- Ensure effort reports have been certified. For unavailable reporting periods (cannot be completed electronically), contact your effort coordinator for a paper effort report.
- If a departing PI remains PI of a project awarded to Northwestern but under an adjunct, non-paid appointment, notify your campus Effort Coordinator, as effort reports will need to be manually generated. Since adjunct PIs retain their NetIDs, they can certify directly in the [Effort Reporting System](#) (required each reporting period the adjunct PI remains PI of the project at Northwestern). Paid adjunct appointments (any role) charged to sponsored projects are also required to certify effort. Please Note: For assistance with [VPN](#), [MFA](#), or [NetID](#), contact NUIT at 847-491-4357 or [consultant@northwestern.edu](mailto:consultant@northwestern.edu).

For significant effort commitments, executing a Memorandum of Understanding (MOU) with the PI's new institution is recommended – contact Sponsored Research to initiate.
